

Building Values Consensus

(1 day)

WHO SHOULD ATTEND?

Workshop participants can include anyone who has a leadership responsibility in the organization. Executive managers and key influencers are encouraged to attend as a team to fully explore ways to build a common core of values.

OBJECTIVES

Values are the fundamental building blocks upon which we build our societal and organizational structures.

The objective of this workshop is to explore Values **Identification**, the first of the *three* stages of Values Implementation: **Identification**, Understanding and Integration.

WHAT YOU WILL LEARN

The **Consensus Building** workshop is designed so that leaders will be able to:

- Examine and assess the current values of the organization.
- Identify value aspirations or future value goals
- Recognize gaps between current and desired states
- Understand the difference between *personal* and *organizational* values.

MATERIALS

Participant workbook, copies of PowerPoint slides, and access to Convergence Group website resources.
